\*In this table, Hard-to-Count Census Tracts are those in the bottom 20 percent of 2010 Census Mail Return Rates (i.e. Mail Return Rates of 73 percent or less).

Note: Some census tracts straddle Congressional District boundaries. If the majority of the population in such tracts is inside a given Congressional District, the total population for the census tract is considered to be inside that District.

Note: Rankings are based on unrounded data.
