* Anyone who marked American Indian/Alaska Native is included in this table even if they marked another race in addition to American Indian/Alaska Native. Also anyone who marked Hispanic in addition to American Indian/Alaska Native is included in this table.

** In this table, Hard-to-Count Census Tracts are those in the bottom 20 percent of 2010 Census Mail Return Rates (i.e. Mail Return Rates of 73 percent or less) or tracts for which a mail return rate is not applicable because they were enumerated in 2010 using the special Update/Enumerate method.

Some census tracts straddle Congressional District boundaries. If the majority of the population in such tracts is inside the Congressional District the total population for the census tract is considered to be inside the District.
