The All Voting is Local campaign is a collaborative effort of the American Civil Liberties Union Foundation (ACLU), the American Constitution Society (ACS), the Campaign Legal Center (CLC), the Lawyers’ Committee for Civil Rights Under Law (Lawyers’ Committee), and The Education Fund and its project, Access Democracy. All Voting is Local offers an integrated approach to identifying, preventing and remedying voting barriers, by pinpointing opportunities to expand access to the ballot, and improving how elections are run. Building upon the work of national, state, and local voting rights organizations, the campaign seeks to strengthen local activist networks by equipping them with the tools and experience to determine how election administration practices are expanding -- or suppressing -- access to the ballot.
